WASEEM MARABI

jenin, Palestine | 0569556223 | waseemmarabicod@gmail.com | LinkedIn: www.linkedin.com/in/waseem-marabi-b17b06326/ | GitHub: github.com/waseem-marabi1

SUMMARY

Computer Engineering student at Palestine Technical University – Kadoorie with knowledge in Java, Object-Oriented Programming (OOP), and Database Systems. Completed Front-End Development training at SEF Academy with skills in HTML, CSS, JavaScript, and React. Currently learning Back-End Development and Artificial Intelligence. Passionate about web development, problem-solving, and continuously improving technical skills through academic projects, training, and self-learning.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript, C++

Web Technologies: HTML, CSS, Tailwind CSS, JavaScript, React

Concepts: OOP, Database Systems

Tools & IDEs: VS Code, IntelliJ IDEA, CLion, NetBeans

Version Control: Git, GitHub

TECHNICAL PROJECTS

- **MovieHub — Front-End Developer** https://waseem-marabi1.github.io/moviehub/
  - A responsive movie website built using HTML, CSS, and JavaScript.
  - Designed a modern and user-friendly interface for browsing movies.
  - Implemented responsive layouts for different screen sizes.
  - Improved UI styling and interactive elements using JavaScript.

  GitHub: https://github.com/waseem-marabi1/moviehub.git
- **Optical Store Website — Front-End Developer** https://waseem-marabi1.github.io/lux-optics/
  - A responsive e-commerce style website for showcasing eyewear products.
  - Built structured and responsive web pages using HTML, CSS, and JavaScript.
  - Designed product sections and modern UI layouts.
  - Enhanced user experience with clean styling and organized content display.
  - Technologies: HTML, CSS, JavaScript

  GitHub: https://github.com/waseem-marabi1/lux-optics.git
- **Areen Store — Front-End Developer** https://areen-store.vercel.app/
  - A responsive e-commerce website developed for a real store using HTML, Tailwind CSS, and JavaScript.
  - Designed a modern and user-friendly interface for browsing products.
  - Implemented responsive layouts for different screen sizes.
  - Improved the user experience with interactive elements and clean styling.

  GitHub: https://github.com/waseem-marabi1/AreenStore

EDUCATION

- **Bachelor's Degree in Computer Engineering — Palestine Technical University – Kadoorie** (2023–Present)
  - Currently studying Computer Engineering with a focus on programming, problem-solving, and web development
- **Front-End Web Development Course — SEF Academy (Online)** (2025–2026)
  - Completed Front-End Web Development training covering HTML, CSS, JavaScript, and React, with practical experience through projects and exercises.
- **Artificial Intelligence Course — SEF Academy (Online)** (2026–Present)
  - Currently learning Artificial Intelligence, including Machine Learning, Deep Learning, and related AI technologies, with the goal of developing practical AI engineering skills.
